

I Love This Town

Nanci Griffith / Jimmy Buffett

I always knew that I liked this place
You don't have to look too far to find a friendly face
And I feel alive when I'm walkin' on this street
I feel the heart of the city pounding underneath my feet Yeah, let the world keep spinning 'round and 'round
This is where it all goes down, down, down
That's why I love this town
That's why I keep comin' 'round Say hey
(Say hey)
Say yeah
(Say yeah) You make me feel at home somehow right now
That's why I love this town I got some good friends here, I might have broke a heart or two
It's gettin' loud over there, the boys must have had a few
And there's a cop on the corner, he knows everybody's name
Yeah, a kid with a dream, singin' boys to spare loose change Yeah, let the world keep spinning 'round and 'round
This is where it all goes down, down, down
That's why I love this town
That's why I keep comin' 'round Say hey
(Say hey)
Say yeah
(Say yeah) You make me feel at home somehow right now
That's why I love this town They're shoutin' from the rooftops, dancin' on the bars
Hangin' out the windows, drivin' in their baby's cars
You want it, you got it, you're ready, I'm on it
Come on now, here we go again That's why I love this town
That's why I love this town No matter where you're from, tonight you're from right here
This is where it all goes down, down, down
That's why I love this town Say hey
(Say hey)
Say yeah
(Say yeah)
I love this town Say hey
(Say hey)
Say yeah
(Say yeah)
I love this town Say hey
(Say hey)
Say yeah
(Say yeah)
I love this town Say hey

(Say hey)
Say yeah
(Say yeah)
I love this town
