

# Lovesick Diagnostician

## Ben Folds

Dr. Yang, Help me mend my broken heart  
Gotta help me doc, I don't know where to start.  
When she walked right out that door  
Left me cryin on the floor  
She said she's only going to the store Dr. Yang, What's the lovesick diagnosis?  
Cause she said she cannot cope with my neurosis  
You would think I had chronic halitosis  
Dr. Yang Dr. Yang, now her voicemail box is full  
and she won't call me, I'm feeling like a fool  
The last time I saw her in her car  
I threw her shit out in the yard,  
Locked her out and headed to the bar Dr. Yang, What's the lovesick diagnosis?  
Cause she said she cannot cope with my neurosis  
I could always hurt myself, doctor she knows this  
Dr. Yang All the kings horses and all the kings men  
Couldn't get back my girlfriend Dr. Yang, if you can't fix my heart and head (heart and head)  
Actually there is something you can do instead (do instead)  
Call my girlfriend from your number  
Explain that you're a doctor  
Tell her that I love her so  
She hurt me more than she could know  
And even with all your degrees  
There's nothing you can do for me  
She won't have to block my number any more Dr. Yang  
(da da da daa da)  
Dr. Yang  
(da da da daa da)  
Dr. Yang Gonna kill myself tonight  
Tell her that, Dr. Yang
