

Alone

Twiztid

All obsessed with the taste of flesh...
(same thing said backwards)
All obsessed with the taste of flesh...
(same thing said backwards)
Even though you think you're alone their always everywhere
(pushing me, pulling me, helping me, guiding me)
I must be insaaannneee, no their always everywhere
(guiding me, helping me, pulling me, pushing me)
Futher everyday yeah they're always everywhere
Would you feel like
(your left alone)
Would you get high
(and try to find a zone)
It's alright
(you're not alone)
Don't even cry
(because you're not alone)
[Some weird whispering]
(All obsessed with the taste of flesh... [backwards])
Even though you think you're alone their always everywhere
(pushing me, pulling me, helping me, guiding me)
I must be insane, no they're always everywhere
(guiding me, helping me, pulling me, pushing me)
Futher everyday yeah they're always everywhere
Sleeping to dream
(it feels like home)
Come to sleep here
(still we're not alone)
My soul is mine
(that's all I own)
Don't want to wait
(Don't wanna be alone...)
[Some weird whispering]
(all obsessed with the taste of flesh... [backwards])
Even though you think you're alone they're always everywhere
(pushing me, pulling me, helping me, guiding me)
I must be insane, no they're always everywhere
(guiding me, helping me, pulling me, pushing me)
Futher everyday yeah they're always everywhere

And you dont give a shit
(I'm seeing them every day)
If they were here with you now
(And not so far away)
But now they live in a realm
(Where everything is black)
And when your gone
(Their never coming BBBB BBBBAAAACCCCCCKKKKKKKKKK!!!!)
Even though you think you're alone they're always everywhere
(pushing me, pulling me, helping me, guiding me)
I must be insane, no they're always everywhere
(guiding me, helping me, pulling me, pushing me)
Futher everyday yeah they're always everywhere
