

Break the Silence

We Are Monroe

Verse:

In the night I feel you linger
on the tip of every thought
striking down all my defences
storming through and pouring out
cause in the dark you drag me down... again!
In the grip of your shadow
you hold sway on my desires
you spark the thoughts but draw in nothing
but the worst of everyone

Pre-chorus:
Cause the crowd you were hoping I would fade among the numbers
With your spell you were hoping I would stand against the light

Chorus:
And while I'm caught in the moment
I was trap here waiting for something
I was lost there I found you
when I was headed for nothing
in the corner of my mind
you've been feeding off the dark
as I look out through the windows of your eyes

Verse:
So I'll take my chance, break the silence
seize the strength to carry on
I'll turn my doubts into reasons
find the strength to shut you out

Pre-chorus:
Cause the crowd you were hoping I would fade among the numbers
With your spell you were hoping I would stand against the light

Chorus:
And while I'm caught in the moment
I was trap here waiting for something
I was lost there I found you
when I was headed for nothing
in the corner of my mind
you've been feeding off the dark
as I look out through the windows of your eyes
