

Alice Eyes

Corb Lund

Well Alice came along when I needed something strong
And there's two ways that can go for a man like me
She saw me reaching and reached me just in time
To save me from my insanity And I could see it in those Alice eyes
I'd be sure and steady just like a child
Every morning when I wake up
Knowing that my light still shines
I can see it in those Alice eyes A woman has a way of knowing what to say
And smoothing out the edges over time
Well I tried to do my part, I walked beside her in the dark
And tried to let her know that she was mine And I could see it in those Alice eyes
I'd be sure and steady just like a child
Every morning when I wake up
Knowing that my light still shines
I can see it in those Alice eyes Well I don't make it easy sometimes
But I don't have to wonder who'll be there by my side Now she's gone I don't know how I'll carry on
She's the one I'd reach for every time
She was always there through the years she always cared
Now I'm drifting, I'm alone and blind And I could see it in those Alice eyes
I'd be sure and steady just like a child
Every morning when I wake up
Knowing that my light still shines
I can see it in those Alice eyes
