

# Doesn't Matter

## Rockie Fresh

From the top of the first page  
To the end of the last day  
From the start in your own way  
You just want somebody listening to what you say  
It doesn't matter who you are  
From the bottom to the top floor  
And i'm tryin to make it further  
See i can smell with money  
And i'm have it with that .  
Doing shit you've never heard of  
Taking my sit to a different place  
You niggas did this shit but for  
But it's about time for a change your face  
I'm going up of my eyes low  
Why can .this smoke .  
Told e mi would do it but they thought that i was joking  
And i'm on, and i ain't listening to what you say nigga  
You are hater you ain't even talk to me  
They thought that i have chosen  
.down it i know how to handle that money  
So because i'll be around it  
And a nigga is so fucking fly  
Btu somehow i'm still grounded  
Bitch is coming to my crib and now you nigga pounded

Yeah i do that  
Flow so mama still bad  
Put the arrow in your heart like .  
.fly your music and I'm moving up  
so i ain't listening in what you say  
you hater you don't even talk to me  
even .mother fucking track list  
but you handle in the .rap shit  
took the . fucking .  
i took the money.  
i lost my mind but find some hope  
.the game design .  
Don't be mad at me 'cause i got .  
My situation made it the best

All the whacks that i . to rest  
New .make tease got ngga fresh  
Till my money coming out to the top .is down  
And i aint listening to what you say nigga  
You are hater don?t even talk to me  
Is there anybody out there who is lost and hurt and lonely too  
Are they bleeding all your colors into one?  
and if you come undone as if you?ve been run through  
Some catapult, it fired you, you wonder if your chance will ever come  
Or if you?re stuck in square one
