## **Upside Down**

## **Jakalope**

Find comfort in the unknown Making friends with a foe Come and get me lets go Walk down a blinding road Where light makes fast Go slowCatch the world sleeping in Go devour it whole Every smile **Every confusion** Just go on, go on Dive into a photobooth Snap it for Japan, yeah oh Crawl in to a corner, and creep into The upside down I've been breakin baby Turn me down I've been shakin latelyTake a little time Would you mess around my mind You just trip, trip, trip And I...Never seen so much light As when it hits the midnight Look strangers in the eye Until it goes out of style What do you think you know. Dive in to a corner, and creep into The upside down I've been breakin baby Turn me down I've been shakin lately Take a little time Would you mess around my mind You just trip, trip, trip And I fall You just trip, trip, trip And I fall [x2]Go!Upside down I've been breakin baby Turn me down I've been shakin lately Take a little time Would you mess around my mind You just trip, trip, tripUpside down

Turn me down

I've been shakin lately [x2]Upside down

(Ever morning brings old to new)

I've been breakin baby

Upside down

(ever time i want to go)

I've been shaking lately

Turn me down

Upside Down

(every time i want to go)

I've been shakin lately
