14 Days

Strung Out

My day begins with a sigh as I slowly feel awake.
Then it's off to work thinkin how much shit I'll have to take
It's been two weeks since I've had a smile upon my face.
I miss the days when all I knew fits in it's place.14 days - I killed myself alone
14 days - Tried so hard to understand
14 days - I'll never forgive youMy world came crashing down as if I stood aside and watched
All the monsters in my head control everything I feel
I can see the door that traps me in this place
I can see my way outta here but I just can't find the key.14 days - I killed myself alone
14 days - Tried so hard to understand
14 days - I'll never forgive you
