

# 14 Days

## Strung Out

My day begins with a sigh as I slowly feel awake.  
Then it's off to work thinkin how much shit I'll have to take  
It's been two weeks since I've had a smile upon my face.  
I miss the days when all I knew fits in it's place. 14 days - I killed myself alone  
14 days - Tried so hard to understand  
14 days - I'll never forgive you My world came crashing down as if I stood aside and watched  
All the monsters in my head control everything I feel  
I can see the door that traps me in this place  
I can see my way outta here but I just can't find the key. 14 days - I killed myself alone  
14 days - Tried so hard to understand  
14 days - I'll never forgive you
