Emily

Cold

There's a cross she made that has her name
In the garden by the store
With a picture and a note that says
"I can't feel you anymore"Was it God in here
Did he make you pray
Did he burn you up
Does it taste the same
When everyone around you falls apartI can see her through the window pane
Trying hard not to call
When she lost her boy she went insane
She don't live here anymoreWas it God in here
Did he make you pray
Did he burn you up
Does it taste the same
When everyone around you falls apartShe stood and prayed for our souls
Our hearts, our love to startWas it God in here
Did he make you pray
Did he burn you up
Does it taste the same
When everyone around you falls apart
