

This Time (Single Version)

INXS

I will believe you if you say it's true
Girl, you know I need you more than any word spoken
I've seen you before turn and walk away
You say you won't come back it's just a game anyway
We are hoping, yes and we're praying This time will be the last time
That we will fight like this
This time will be the last time
That we will fight like this, hey We are always wanting things we cannot find
You know that we are always wasting time
And we are hoping, yes, and we're praying This time will be the last time
That we will fight like this
This time will be the last time
That we will fight like this You know I can forget we have fought before
I've seen inside your heart and I know it's breaking
We are hoping, yeah, and we're praying Maybe this time will be the last time
That we will fight like this
This time will be the last time
That we will fight like this
This time will be the last time
