When a Man Lies

R. Kelly

How he makes her feel
When he looks her in the eyes and tell her
I love you
Yeah, he seem so for real
When he whispers and says I'll never leave
He speaking words into her heart
And make her feel like she on top of the world
Oh my
And then turn around and break her heart
And make her feel like the hole world is on top of her
That's enough to make me talk about it.Chorus:
When a man lies
He pierces the very soul of that woman
Yes he does
I'm just telling the truth
When a man lies
He kills every reason she ever had for loving him
Mirror I'm talking to youHow he promise her things
While he's making sweet love to her mind and selling big dreams
Yeah, that's what he do
Boy he can paint the scene
With every word out of his mouth
Make her wanna believe
Oh, She believe's that everything his saying is true
Now all the dream she bought
And tale he told
Cinderella to the old pot of gold
Broke her poor her heart and stole her glory
And left me here to tell the storyChorus:
When a man lies
He pierces the very soul of that woman
Yes he does
And I'm just just telling the truth
When a man lies
He kills every reason she ever had for loving him
Yeah, Mirror I'm talking to youHey don't y'all go shooting the messenger
I'm simply here to deliver
Y'all can go ahead and call me a lawyer
Cause today I'm representing the womenChorus:

When a man lies
He pierce's the very soul of that women
Yes he does
Hey and I'm just telling the truth
When a man lies
He kills every reason that she ever had for loving him
Yeah, Mirror I'm talking to you
