

Let Me in Your Life

Bill Withers

La, la, la
La, la I only want to love you
Please dont push me away
Let me in your life I wasnt even there when he hurt you
So why should I have to pay
Let me in your life I want to share your tomorrows
So I must beg you today
If hes the cause of your sorrows
Be glad that hes gone away I need someone, let me love you
Please dont push me away
Let me in your life La, la, la
La, la
La, la, la
La, la
