Heartbeats (Acoustic)

Backstage Cast

I'm helpless. Overpowered.
I swear you hit me at a hundred miles an hour.
I stoked the fire and dimmed the flame.
We crashed and burned and do it all again.You're reckless.
No mercy.
I can't resist it even though I know it hurts me.
So roll the dice and play the game.
I'm lost in love with no one else to blame.I'm falling down, I'm falling for you now.
So catch me love before I hit the ground.I know we crossed the line, but your heartbeats just like mine.
And every star will fall in line, when your heartbeats just like mine.
And all our stars align.
This battle, it's senseless.
I'm paralyzed inside you leave me so defenseless.
I still reach out and call your name.
You've lost in love with no one else to blame.I'm falling down, I'm falling for you now.
So catch me love before I hit the ground.I know we crossed the line, but your heartbeats just like mine.
And every star will fall in line, when your heartbeats just like mine.
And all our stars align.And when you come crawling back, you'll know that I'm good with that.
I'm tryna play it cool.
And you say sorry now, I believed it then.
Until you leave it again.I'm falling down, down.
So catch me love before I hit the ground.I know we crossed the line, but your heartbeats just like mine.
And every star will fall in line, when your heartbeats just like mine.
I know we've crossed the line,
(I know we've crossed the line, I know we've crossed the line.)
but your heartbeats just like mine.
(I know we've crossed the line, I know we've crossed the line.)
And every star will fall in line,
(I know we've crossed the line, I know we've crossed the line.)
when your heartbeats just like mine.
(I know we've crossed the line, I know we've crossed the line.)And all our stars align.
