# Black Mass

## Electric Wizard

Lucifer, I summon thee to my black mass
I call upon you to complete my evil task
My heart is black and my soul is dead
Hear my words of hate give me strengthHear me Lucifer
Black mass, black mass
Take me higher, higher
Black mass, black massFaceless ones summon me to crypts below
Now I join them I have given him my soul
Down, down further into drugs and hate
Black, black masses, I am doomed this is my fateHear me Lucifer
Black mass, black mass
Take me higher, higher
Black mass, black mass
