

Where's The Ocean

Toni Childs

Where's the ocean
Where's the ocean
Where's the ocean for us and usAs my body touches you
And my soul entwines the view
Of an ocean and a sea of love
Down into the depths of time
And all eternity
Down into the depths
Of all the things I find reminding me
Your voice it calling me
Haunting me like ghosts at sea
Will you be the one
My ocean and my divineWhere's the ocean
Where's the ocean
Where's the moments I once knew inside my heart
Where's the ocean
Where's the ocean
Where's the ocean for us and usI stand pointed
By the view you want to stay
As the silhouette of lovers
Fade into decay
Playing with the thoughts
Still tortured
We were once true lovers
But now I don't see
The ocean very clearCome and dive into my sea
Come and dive into my sea
Come and dive into my ocean
And remember the call
And remember the cry of timeWhere's the ocean
Where's the moments I once knew inside my heart
Where's the ocean for us
Where's the ocean for us
When you covered me with kisses
It meant so very much
Where's the ocean
Where's the ocean
The ocean's here

The ocean's here
