Me

Nocturnal Rites

One, just one more drink
One last cigarette and I am on my way
Oh last night, itâ€™s all a haze
Here I pave my way through filth and broken glass

Something is not the same
Something is different from before
Guess that I, guess I died inside

When thereâ€™s nothing more
When Iâ€™d tried it all
Come undone, when the odds were close to none
When the momentâ€™s there
The divide I beware
Then itâ€™s me, only me

Torn, still torn and bruised
But Iâ€™ve had my run, and Iâ€™ll, Iâ€™ll see it through
All for you, my sweet farewell
Oh, I canâ€™t believe that I survived this hell
