I Would

Aaron Carter

See you walking down my street every single day
Girl you never seem to have a smile on your face
What you need is someone who would treat you right
From the morning to the noon, the noon till the night
Ain't no doubt 'bout what I would do
I'd make a long list, I think you'd approve
You gotta think big if you wanna succeed
I've got plans girl, it's you and me
Yo, ever since we met way back in the day
I'm thinking how to put it, girl, what can I say?
To make you understand how far I'd go
For your heart girl, I just want you to know
That I'd do anything in this world for you
I'll push it to the limit, to the max
To the ends of the earth
Ain't nothing I won't do
Make every single wish come true
I'll take you to the edge of the universe
Give it all I could
Girl, you know that I would
Like Evil Kenevil jumps a canon like an eagle
I'll be your super hero, protect you from evil
Like Batman, Spider man, Superman
I can be a man, be my Jane I'll be Tarzan
Romeo for Juliet, she'll never have another Scully or Moulder
They were made for each other, babe, Ruth and his bats
Tiger woods and Nike hats, can't you see girl?
We go together like that anda
One thing I'd like to mention
I'll give you every second of my full attention
I'll give you all of this, you know that I could
So give me one chance to say, "I would"
I'll do anything in this world for you
I'll push it to the limit, to the max
To the ends of the earth
Ain't nothing I won't do
Make every single wish come true
I'll take you to the edge of the universe
Give it all I could

Girl, you know that I would
You see I wanna create this kind of magical kingdom
With you as my queen and your friends, you can bring them
'Cause the law of the land is, you always gotta party
So hop on my dirt bike and let's get started
To a fairytale land, a fairytale castle
Be my Baywatch girl, I'll be your David Hassel
Off, nah, we'll always keep it on
It's a A A R O N, singing you this song
I'll do anything in this world for you
I'll push it to the limit, to the max
To the ends of the earth
Ain't nothing I won't do
Make every single wish come true
I'll take you to the edge of the universe
Give it all I could
Girl, you know that I would
I'll do anything in this world for you
I'll push it to the limit, to the max
To the ends of the earth
Ain't nothing I won't do
Make every single wish come true
I'll take you to the edge of the universe
Give it all I could
Girl, you know that I would
