

Sparks after the Sunset

[Cosmic Gate & Sarah Lynn](#)

ft. Sarah Lynn

I see the lightning in display

Where we are

I feel the energy

I've been a cold ice without you

But now

My heart is open

Do these flames rise higher

Above the smoke

Will you feel

The sparks after the sunset

And stay close

To see the fire burn

See the fire burn

Will you feel

The sparks after the sunset

And stay close

To see the fire burn

Will you stay

And wrap your arms around me

Stay close

To see the fire burn

See the fire burn
