

Oliver

Childs

You know that I was overblown by all the card sharks
And the muggers that day
And there were several million lovers of that dress
That's in the window display and every day they'd say Oliver, Oliver, Oliver
Oliver don't stay She was quite a woman
Kind and understanding woman she was, oh yeah
Sure I really loved her but she acted like a mother to me
And she loved me and I'd scream Nancy, Nancy, Nancy
Please take care of me Oliver, Oliver, Oliver
Oliver, Oliver I was overblown by all the card sharks
And the muggers that day
Several million lovers of that dress
That's in the window display and every day they'd say Oliver, Oliver, Oliver
Oliver don't stay
