

# Say Goodbye

Jordan Knight

YeahI've been so lost lately  
I dont really understand baby  
Where did I go wrong  
I wanna talk to you, please callWhere do I begin with you  
After all that we've been through  
I dont think that it would be right if we  
Got together so suddenlyI wish that I could take back  
All of the things that I said  
And replace them with simply  
'I love you' insteadYou dont wanna say goodbye  
But you never really seem like you wanna try  
But I only wanted you to stay  
And then I let you just slip awayIf you didnt listen to your heart inside  
Then it really doesnt matter what was on your mind  
And if you need me then tell me why  
Girl, I never meant to say goodbye, oh, yeah, yeahI think about the past baby  
Why we couldnt make it last, lady  
I know you still have doubts  
But Im gonna prove that we can work things outI wanna be sure that you  
Know what you put me through  
And reveal that you intend  
To never let me down againIts clear to me and I cant ignore  
That I have to give you something I couldnt beforeYou dont wanna say goodbye  
But you never really seem like you wanna try  
But I only wanted you to stay  
And then I let you just slip awayIf you didnt listen to your heart inside  
Then it really doesnt matter what was on your mind  
And if you need me then tell me why  
Girl, I never meant to say goodbyeI didnt think that we would come to this, ooh, no  
Your eyes, your face, your smile is what I miss  
Why did you wait so long to take me back  
Its all a simple misunderstandingYou dont wanna say goodbye  
But you never really seem like you wanna try  
But I only wanted you to stay  
And then I let you just slip awayIf you didnt listen to your heart inside  
Then it really doesnt matter what was on your mind  
And if you need me then tell me whyYou dont wanna say goodbye  
But you never really seem like you wanna try  
But I only wanted you to stay

And then I let you just slip away  
If you didnt listen to your heart inside  
Then it really doesnt matter what was on your mind  
And if you need me then tell me why  
Girl, I never meant to say goodbye
