I Will See You In Far Off Places

Morrissey

Nobody knows what human life is
Why we come, why we go so why then do I know
I will see you
I will see you in far off places?
The heart knows why I grieve
And, yes, one day I will close my eyes forever
But I will see you
I will see you in far off places
It's so easy for us to sit together
But it's so hard for our hearts to combine
And why? And why?
Why? Why? Why? Why? Why? Why?
Destiny for some is to save lives
But destiny for some is to end lives
But there is no end
And I will see you in far off places
If your God bestows protection upon you
And if the USA doesn't bomb you
I believe, I will see you somewhere safe
Looking to the camera, messing around and pulling faces
