

I Will Destroy the Wisdom of the Wise

A Bullet For Pretty Boy

[Intro] x2
I cant look at what weve done
And make it all ok
All hope is found in you
We know its found in youTake us and let us see x2
All we need is to see /Let us carry on through the night x2Take us and let us see x2
All we need is to see /It's like they poisoned us overnight.x3
How much can they take?
We all need to take charge (We can wake them)Speak now and save this worldx3
When silence is deafeningWhen silence is defeaning
The world is set aflame
God is real
And we stand strong
Speak now and save this worldSo write this down
As it comes
As a reminder
For when your lost
This shall come to mindAll was offered
All was offered
Oh!We are not of this world
We are of God
(Breakdown)[x3]
Weve become so
Lost in how we think it is supposed to be
Let us become one
Voice because we were meant to singWe look to you father
The day has actually come
Where they will tell us lies
These words are not in the book
Dont tell us what you think
Dont preach to us in vane
Tell us about the truthI have come to destroy the wisdomx2
I have come to destroy the wise
I have come to destroy the wisdom (of the wise)
