DamnListen to meI've been around the world
Seen a million honeys
Really special girls
Gave all my time and money
But, there's something 'bout ya
Something that's kinda funny
It's what you do to me, awDon't need no Maybelline
'Cause you're a beauty queen
Don't need no L'Oreal
'Cause, bitch, you're bad as hellIf I'm a Casanova
Then you're a supernova
Girl, it's what you do to me
That's got me sayingDamn, girl, you're so fine
The way you let me put it down
Girl, blows my mind
I guess I gotta put it down tonight
I gotta put it downOh, oh, ohDamn

Cinnamon, give me your feminine gelatin
'Cause got a cinnamon going crazyHey, ba-ba-ba-ba-ba-baby, baby
You the one I've been feignin' for
When I'm dreaming, I'm dreaming of you
When you're gone, I've been screaming for yaSo why don't you be my chick and stuff
Take you out to dinner and catch the funky stuff
Can we spend time, I'll never get enough
You're so fine, make a dark brother blushGot me looking like a black grape and stuff
First time saying you had me gonna crush
And if you ever give it to me
Give it to me roughYou got me saying (you got me saying)
Got me saying damnDamn, girl, you're so fine
The way you let me put it down, girl
Blows my mindSo now I guess I gotta put it down tonight
