

A.D.I.D.A.S. (All Day I)

Ro James

I see your face when I close my eyes
When you're away I write stories about you in my mind
Cause this love is one of a kind All day, I
All day I dream about sexing you
Gotta think about sexing you
Ooh baby
All day I dream about sexing you
Yeah, yeah When you lips touched mine, it only confirmed
What I already knew
I've found true love in you
Oooh Oooh ooh
See one time I tried to love her
Had my heart broken I swore I'd never love again
But you changed my mind All day I, I
All day I dream about sexing you
Oooh baby
All day I dream about sexing you
Oh babe
See the way you make me feel I just can't describe it and I just can't deny it
Ooh baby
And I know that you want it
Don't know why you fighting it
Baby Oooh oh oooo All day I dream about sexing you
Oooh baby
(All day I dream about sexing you 3x) Oh babe I'm craving your body
Bring your body to me
Kissing all on your body
All day long I been feenin'
