

# Watchin' You

## Anthrax

(written by Gene Simmons), originally performed by KISSLivin' as you do and I'm watchin' you

And you don't really know a-just what to do You don't really know

You don't really know

What to do And I'm standin' here not quite aware

And I'm tryin' baby, tryin' not to stare Ooh, 'cause everybody else is here

Yes, everybody else is here

Everybody else is here

Watchin' you Ooh, 'cause everybody else is here

Yes, everybody else is here

Everybody else is here

Watchin' us
