

Exile

Slayer

I'm suicidal, maniacal, self-destructive
You leave me no hope, no life
Nothing worth living for
I've taken it, can't take it anymore My worst nightmare
You make me want to slit my own fuckin' throat
Just so I'll be rid of you
Just to get rid of you You self-righteous fuck
Give me a reason not to rip your fuckin' face off
Why don't you take a good look in these eyes
'Cause I'm the one that's gonna tear your fuckin' heart out? My hate is contagious
You've got no one to run to
Exile, exile
Exile, exile Just tell me fuckin' why everything becomes an issue
Your opinion is always senseless, fuck this
You make my fuckin' skin crawl
I've lived with it, can't stand anymore My worst nightmare
I want to take a bullet in the fuckin' head
Every time I think of you
Every time I think of you You self-righteous fuck
Give me a reason not to rip your fuckin' face off
Why don't you take a good look in these eyes
'Cause I'm the one that's gonna tear your fuckin' heart out? My hate is contagious
Anyone else need to vent?
You've tried my tolerance
I just want you to die There's nothing more for me to say
There's nothing more for you to say
There's nothing more for us to say
I fuckin' hate you anyway Exile, exile, exile, exile Can't count the ways that you light my fuckin' fuse
I can't tolerate the sight of you
The thought of you or anything about you
You know what I want to see? How many ways can a loser fuckin' lose
I know you'll find a way
The humility awakening the idiot inside
You spineless fuckin' maggot you're just wastin' my time Get out of my face
Get out of my life
Out of my fuckin' way
Just die
