

H.W.C.

Liz Phair

Give it to me, don't give it away
Don't think about what the others say
My skin's getting clear, my hair's so bright
All you do is fuck me every day and night You're my secret beauty routine
Na na na na, what my body has seen
I am lookin' good and I'm feelin' nice
Baby, you're the best magazine advice [Chorus:]
Gimme your hot white come [Repeat: x4] I'm gonna pull you back down between the sheets
Everything is fresher when the day is sweet
In the morning light when you're already on the phone Face it, one of these days
Without you I'm just another Dorian Gray
It's the fountain of youth, it's the meaning of life
So hot, so sweet, so whet my appetite [Chorus] Face it, one of these days
Without you I'm just another Dorian Gray
It's the fountain of youth, it's the meaning of life
Baby, you're the best magazine advice [Chorus: x2] Your hot white come
