

# Hang On

## Teenage Fanclub

Been bought and I've been sold  
And I've forgot what I've been told  
And now I need someone  
Of all the stars I've ever seen  
You're the sun Hang on, hang on  
Hang on, hang on  
I've not forgotten all the tricks  
That you've done  
I just need some fun I'm going underground to recess  
Just what I've found  
And all that I can do  
Been blinded by the light  
Now I can go with a smile Hang on, hang on  
Hang on, hang on  
I've not forgotten all the tricks  
That you've done  
I just need someone
