

Right Through You

[Alanis Morissette](#)

Wait a minute man
You mispronounced my name
You didn't wait for all the information
Before you turned me away Wait a minute sir
You kind of hurt my feelings
You see me as a sweet back loaded puppet
And you've got meal ticket taste I see right through you
I know right through you
I feel right through you
I walk right through you You took me for a joke
You took me for a child
You took a long hard look at my ass
And then played golf for a while Your shake is like a fish
You pat me on the head
You took me out to wine dine sixty nine me
But didn't hear a damn word I said I see right through you
I know right through you
I feel right through you
I walk right through you, ooh
La la la ra ra aha Hello Mister Man
You didn't think I'd come back
You didn't think I'd show up with my army
And this ammunition on my back Now that I'm Miss Thing
Now that I'm a zillionaire
You scan the credits for your name
And wonder why it's not there I see right through you
I know right through you
I feel right through you
I walk right through you, you
