Everyday (Masters at Work Everyday Dub)

Incognito

(Oh yeah)
(Hey baby)
(Come on)Come over here, closer my dear
Wrap me in your tenderness
There`s no place else I`d rather be
Than here with you my love(So strong)
When we are together
(So real)
I've never known it better
A love like ours can surely last
Until the end of time[Chorus:]
(Everyday in every way)
My joy is growing wilder
(Every day I`m glad to say)
This love has taken over
(Every day we`ll find a way)
Keep heart and soul together
(Every day you`re givin' me the real thing)
You`re givin' me the real thingAs mornin' greets us with its song
I`m waken by your sweet caress
There in the sunshine of your smile
I find such happiness(Your love)
Is all that I desire
(No one)
Could give me greater pleasure
A love like ours can surely last
Until the end of time[Chorus x3]Come over here, closer my dear
Wrap me in your tenderness
There`s no place else I`d rather be
Than here with you my love(So strong)
When we are together
(So real)
Never known it better
A love like ours can surely last
Until the end of time[Chorus x3]
