

# Beautiful Nightmare

Reece Mastin

She throws her clothes  
On the bedroom floor  
Crawls cross the bed  
She begs me for more  
She's always there at the scene  
Of a crime  
(She's got twisted mind)  
We're buried 6 foot deep  
In the sheets  
She ties me down  
She's a torturous tease  
We toss and turn  
In the heat of the night  
(She's got twisted mind)  
Scream  
The creature from my dreams  
Is lying next to me  
I love it,  
But I'm terrified cause she  
Has got control of me  
The creature from my dreams  
She's a beautiful nightmare  
Banging on the bedroom wall  
She's a nightmare  
Kissing, scratching,  
Screaming for more  
She's a nightmare  
Ooohhh  
Can't sleep,  
She keeps,  
Me up all night  
She's always there  
When I think I'm alone  
She got me scared  
To just pick up the phone  
She got that murderous  
Look in her eye  
(She's got a twisted mind)  
I'm like the puppet

She's pulling the strings  
I've tried to leave  
But she is sucking me in  
She feeds me nothing  
But lie, after lie  
(She got a twisted mind)  
Scream  
The creature from my dreams  
Is lying next to me  
I love it, but I'm terrified  
Cause she,  
Has got control of me  
The creature from my dreams  
She's a beautiful nightmare  
Banging on the bedroom wall  
She's a nightmare  
Kissing, scratching,  
Screaming for more  
She's a nightmare  
Oohhhh  
Can't sleep,  
She keeps, me up all night  
She's my poison, so hypnotic  
She's discovered it in my closet  
Tryina get away cause she's so erotic  
She caught me  
When you think she's getting closer  
Facing me since we been over  
Tryina get away but she knows I want 'er  
She caught me  
She caught me  
She caught me  
Caught me, caught me  
She's a beautiful nightmare  
Banging on the bedroom wall  
She's a nightmare  
Kissing, scratching, screaming for more  
She's a nightmare  
Ooohhh  
She's a beautiful nightmare  
Banging on the bedroom wall  
She's a nightmare  
Kissing, scratching, screaming for more  
She's a nightmare  
Ooohh

Can't sleep, she keeps me up all night
