

I Am The Eternal Spectator

Moonspell

{Hello} I am the eternal spectator
The eternal stimulator
Of things that never come
Of things that never come I am the eternal spectator
The eternal ruminator
Of things better left alone
Of things better left alone Watching over you
Sometimes inside of you
Watching over you
Sometimes inside of you The eternal dictator
Of your perpetual distraction
The eternal collector
Of things that were never done The eternal agitator
Of a war that you never fought
The eternal demonstrator
Until you prove me wrong Watching over you
Sometimes inside of you
Watching over you
Sometimes inside of you Watching over you
Sometimes inside of you
Watching over you
Sometimes inside of you Watching over you
Sometimes inside of you
Watching over you
Sometimes inside of you Watching over you
Sometimes inside of you
Watching over you
Watching over
