

# Cherry On Top

Jake Owen

Well, I love the way she dances around  
In her underwear  
She probably woke the neighbors up by now  
Ah, but she don't care Oh, what a pretty face  
Spillin' her wine all over the place  
Shaking everything she's got around  
Her towel comin' off and her hair comin' down She's got that look in her eye  
She's drivin' me crazy, drivin' me crazy  
And I can't believe  
She's beautifully, playfully, hopelessly, faithfully mine She's prettier than all the other girls with no make up on  
She's a cupcake, she's a milkshake  
She's cool whip, cherry on top  
Ah, but not for long Oh, I'm a lucky guy  
For the life of me I don't know why  
She loves me but I know she does  
'Cause she shows me every time we make love She's got that look in her eye  
She's drivin' me crazy, drivin' me crazy  
And I can't believe  
She's beautifully, playfully, hopelessly, faithfully mine  
Oh yeah, she's mine, all mine She's got that look in her eye  
She's drivin' me crazy, drivin' me crazy  
And I can't believe  
She's beautifully, playfully, hopelessly, faithfully mine  
Oh, yes she's mine, all mine Yeah, well I love the way she dances around  
Oh, she's prettier than all the other girls  
She's a cupcake, she's a milkshake  
She's cool whip with a cherry on top
