

# Hand Of Doom

## DJ Katch

Slip the knife right in  
Blood is running red  
Cut the stomach right  
I start to crawl inside  
Pull the skin apart  
Now it's getting hard  
Start to slip right in  
Blood is getting thin  
See the world surround  
Watch the bloody ground

Put her in the ground  
Her cum is all around  
Put my finger in  
It's just a little thing  
When I take it out  
It's in a bloody mouth  
Make my dying bride  
I part the bloody hide  
Put my dick right in  
Her cum is getting thin
