

# Concrete Waves - DJ Premier 320 Remix

[Kendra Morris](#)

Did you ever had a concrete wave  
Did you ever had a concrete wave  
Did you ever had a concrete wave  
What it's say, what it's say  
Pay me cracks just next to  
Pay me cracks just next to  
Pay me cracks just next to  
Money was spent to  
What you do to feel me  
Will bring one down just once sleep for  
Did you ever had a concrete wave  
Did you ever had a concrete wave  
On back to the golden  
Do the top my hand goes burn  
With thoughts of you I never learn  
Ah ah ah ah do you want em, noh  
Ah ah ah ah so you want me, noh  
Ah ah ah ah do you want em, no  
Ah ah ah do you want me  
Did you ever try to burn a breeze  
Did you ever try to burn a breeze  
Did you ever try to burn a breeze  
Like a it's not easy  
Have a little few too flame  
Have a little bit few to fire  
Have a little bit few fame  
Watch it burn watch it blame higher  
Won't I or quite alright  
If you don't tell blaze hand tonight  
Did you ever try to burn a breeze  
Candles the trees  
Did you ever  
See grant see grants on your fine  
If you can't whisper to some whine  
Ah ah ah ah do you want em, noh  
Ah ah ah ah so you want me, noh  
Ah ah ah ah do you want em, no  
Ah ah ah do you want me
