I Ate Up the Apple Tree

Rebirth Brass Band

Come on see about me
OkÃ©, I ate up the apple tree.
When I get me once of a day,
Apple felt right on my head.
It was an apple of the apple tree,
Come on see, come see, come see about me,
On the apple tree,
Come on see about me, I said,
I ate up the apple tree.
Sitting down in the shade one day,
They felt right on my head,
It was an apple of the apple tree,
Come on see, come see, come see about me,
On the apple tree,
Come on see about me, I said,
I ate up the apple tree.
When you'll get to New Orleans,
And these guys are back in town,
Get our house all day and night,
ate up that apple tree,
Come on see, on the apple tree,
Come on see about me, I said,
I ate up the apple tree.
When I got me, I saw one day,
looked that apple tree hang down,
chop it down right to the ground,
ate up that apple tree
Come on see, on the apple tree,
Come on see about me, I said,
I ate up the apple tree.
