Now Understand This

Boomkat

You gotta understand
You gotta understand this
C'mon, c'monNow understand this, I have a lot to say and today
I woke up feelin' the power to get loose, okay?
First my name is spelled T to the A R Y N
I got the faith, no religion so come on baby listenWith 20-20 vision
I'm not no competition, no decision
When you come to the club
You'll see my ass a wigglin'
La la la, la la la, la laaaaIt's like that and like this, fast flips I twist
With an assist from my sib the zig-zag scientist
In the lab we flip hits consistently
We be the B double O, M K A T, see?I'm free, you can't catch me
My name is Taryn, call me Miss Manning if you're nasty
I roll fast, I roll the skates
Pass the [Incomprehensible] extend the middle finger, why?'Cause I'm a singer baby
Now understand this
I'm gonna take you to the promise land
So understand thisNow understand this, yeah
I think I got the master plan
So understand this
And if you need a longer look take a pictureWell, I got kat class and I got kat style
I keep my claws sharp
With my Boomkat nail file
Wa wa, wa wa wa wa, wawawaNo one comes before me
So the top 40 had to sort me
Into a brand new category, no shit
So be a witness, as Taryn gets to bust lyrics like no otherNow understand this, yeah
I'm gonna take you to the promise land
So understand thisNow understand this, yeah
I think I got the master plan
So understand this
And if you need a longer look take a pictureStop
Lalala lalala lala lala
Lalala lalala lala lalala
Lalala lalala lala lala
Lalala lalala lala lalala
(Just leave it up to the [Incomprehensible])Ah, waaa, you know how we do it
Now understand thisI'm gonna getcha, I'm gonna getcha'

And if you need a longer look take a picture
I'm gonna getcha, I'm gonna getcha'
And if you need a longer look take a pictureShake your thangity thang thang
Do your thangity thang thangSo understand this
I'm gonna take you to the promise land
So understand thisC'mon, c'mon
C'mon, c'mon
So understand this
