The Light

Common

I never knew a luh, luh-luh, a love like this Gotta be something for me to write this Queen, I ain't seen you in a minute Wrote this letter, and finally decide to send it Signed sealed delivered for us to grow together Love has no limit, let's spend it slow forever I know your heart is weathered by what studs did to you I ain't gon' assault em cause I probably did it too Because of you, feelings I handle with care Some niggas recognize the light but they can't handle the glare You know I ain't the type to walk around with matching shirts If relationship is effort I will match your work I want to be the one to make you happiest and hurt you the most They say the end is near, it's important that we close To the most, high Regardless of what happen on him let's relyThere are times, when you'll need someone I will be by your side There is a light, that shines Special for you, and meYo, yo, check it It's important, we communicate And tune the fate of this union, to the right pitch I never call you my bitch or even my boo There's so much in a name and so much more in you Few understand the union of woman and man And sex and a tingle is where they assume that it land But that's fly by night for you and the sky I write For in these cold Chi night's moon, you my light If heaven had a height, you would be that tall Ghetto to coffee shop, through you I see that all Let's stick to understanding and we won't fall For better or worse times, I hope to me you call So I pray every day more than anything Friends will stay as we begin to lay This foundation for a family, love ain't simple Why can't it be anything worth having you work at annually Granted we known each other for some time

It don't take a whole day to recognize sunshineThere are times, when you'll need someone

I will be by your side

There is a light, that shines

Special for you, and meYeah yo, yo, check it It's kind of fresh you listen to more than hip-hop And I can catch you in the mix from beauty to thrift shop Plus you shit pop when it's time to, thinking you fresh Suggesting beats I should rhyme to At times when I'm lost I try to find you You know to give me space when it's time to My heart's dictionary defines you, it's love and happiness Truthfully it's hard trying to practice abstinence The time we committed love it was real good Had to be for me to arrive and it still feel good I know the sex ain't gon' keep you, but as my equal It's how I must treat you As my reflection in light I'mma lead you And whatever's right, I'mma feed you Digga-da, digga-da, digga-digga-da-da Yo I tell you the rest when I see you, peaceThere are times, when you'll need someone I will be by your side There is a light, that shines Special for you, and me(I'll) take my chances before they pass Pass me by, oh darling You need to look at the other side You'll agree
