On Your Radio

Joe Jackson

Ex-friends, ex-lovers and enemies
I've got your cases in front of me today
All sewn up
Ex-bosses you never let me be
I got your names and your numbers filed away
I've grown upSee me, hear me
Don't you know you can't get near me
You can only hope to hear me
On your radio, your radio, yea
You're gonna hear me on your radio, radio, your radio, yea
You're gonna hear me on your radio
You're gonna hear me on your radio
You're gonna hear me on your radioEx-teachers still coming through to me
Tough kids don't stop trying to kick me to the ground
I don't care
Go on just do what you do to me
You look so sick when you're pushing me around
You're nowhereSee me, hear me
Don't you know you can't get near me
You can only hope to hear me
On your radio, your radio, yea
You're gonna hear me on your radio, radio, your radio, yea
You're gonna hear me on your radio
You're gonna hear me on your radio
You're gonna hear me on your radioYou can't turn on, turn off
And you can't turn on, turn offEx-teachers still coming through to me
Tough kids don't stop trying to kick me to the ground
I don't care
Go on just do what you do to me
You look so sick when you're pushing me around
You're nowhereSee me, hear me
Don't you know you can't get near me
You can only hope to hear me
On your radio, your radio, yea
You're gonna hear me on your radio, radio, your radio, yea
You're gonna hear me on your radio
You're gonna hear me on your radio
You're gonna hear me on your radi, radioRadio, radio
You're gonna hear me on your radio

Radio, radio
You're gonna hear me on your radio
You're gonna hear me on your radio
You're gonna hear me on your radioYou can't turn on, turn off
