

Has It Happened Yet

Rachael Yamagata

Has anybody shared our bed yet
Was it heavy, was it hot
Checked the time on the clock I used to set
On the jacket that I bought
And just for you when I was on the road
To remind you that I didn't forget
All the things that I shared with you
Has anybody done that yet
Has anybody found the red shoes
Have they found my cigarettes
Have you gone back to the restaurant that we'd go when we first met
And are you starting to make promises
Have you started taking bets
That it's better on the next round
Has anybody done that yet
Has it happened yet
I am readying myself for a change
Has it happened yet
I am trying to start again
Has it happened yet
Is she living with all was mine
Well if hasn't happened yet, it will in time
I've got bad news for my heart
When two lives are torn apart
There is nothing you can claim
And no matter how you miss it...nothing will ever be the same
Has anybody found the way to you
Does anyone know what you need
Does anyone mean more to you
The way we used to be
And are you starting to make promises
That you made to me
Has anybody found the secret
Has anybody done that yet
Has it happened yet
I am readying myself for the change
Has it happened yet
I am trying to start again
Has it happened yet
Is she living with all was mine
But if it hasn't happened yet, it will in time
