

Alone

JMSN

Starin' at the Window
Waiting for life to stop
Cause' everything I've been through
Never seems to let up Someone ask me why
I feel like I feel
Take pill after pill
I wish I could chill, politic and play the game I don't know the fake from the real
The weight of the steel
From the things that I kill when I sign my life away You know I want this
I know you need it too
Let's be alone
Let's be alone I'mma keep it simple
Forget the odds
I just gotta have you
And I'll never stop I want this
I know you need it too
Let's be alone
Let's be alone You're the only one I want
The only thing I need
You haunt me in my dreams
Even when I'm not asleep You're the only thing I got
It's clear for me to see
No matter the degree
This is where I wanna be I want this
You need it too
Let's be alone
Let's be alone
