

Beyond the Blue Horizon

Johnny Mathis

Blue horizon
Waits a beautiful day
Goodbye to things that bore me
Joy is waiting for me I see a new horizon
My life has only begun
Beyond the blue da-dum, dee-dum Beyond the blue horizon
Waits a beautiful day
Goodbye to things that bore me
Joy is waiting for me I see a new horizon
My life has only begun
Beyond the blue horizon
Lies a rising sun Beyond the blue horizon
Waits the beautiful day
Goodbye to things that bore me
Joy is waiting for me I see a new horizon
My life has only begun
Beyond the blue horizon
Lies a rising sun Beyond the blue horizon
Lies a rising sun Beyond the blue horizon
Waits a beautiful day
Da-da, bum, da, bum
Joy is waiting for me I see a new horizon
