

All of Me

Ashes Remain

I am a mess of contradictions
I am a doubter who believes
And I try to hide the failures that I don't want you to see
But you tell me that you love me, more than I can understand
And you still call me, to come as I am! You want my faith
You want my doubt
Things I don't want talk about
All that's broken, healed, and somewhere between
I will lay it at your feet, and I won't hold back anything
Because what you are is all, what you are is All Of Me You know every single heart beat
You know every single breath I breathe
All the sin that held me captive, before mercy set me free
You are the God of new begins, you will never walk away
You arms are open, so I won't be afraid!
You bring my faith
You bring my doubt
Things I don't want talk about
All that's broken, healed, and somewhere in between
I will lay it at your feet, and I won't hold back anything
Cuz what you are is all, what you want is All Of Me Everything I am, placed inside your hands
Everything I knew before, every moment is but is yours
All of me! You want my faith
You want my doubt
Things I don't want talk about
All that's broken, healed, and somewhere between
Broken, healed, and somewhere between
You want my faith
You want my doubt
Things I don't want talk about
All that's broken, healed, and somewhere between
I will lay it at your feet, and I won't hold back anything
What you want is All, what you want is All Of Me All of Me!
