All That's Mine

Depeche Mode

I know it's hard to reach you
I know it's hard to breathe
I know it's hard to be you sometimes
I can't imagine what that means
This must be someone else's story
I can't follow what you've planned
How could this be about me?
Am I supposed to understand?
Like a ship on the ocean
Headed out to sea
You could hardly see it now
It's a lot like you
Lost Like Me
You're still looking for redemption

Still can't find a trace
If there is nothing after they'll be no saving grace
I'm giving you control now
I need some kind of sign
Come take away this sorrow now
I gave you all that's mine
Like a ship on the ocean
Headed out to sea
You could hardly see it now
It's a lot like you
Like a ship on the ocean
Headed out to sea
You could hardly see it now
It's a lot like you
Lost Like Me
