

# Sloppy Love Jingle Pt.2

## Gym Class Heroes

(I think we're ready for eh, the second installment of the Sloppy Love Jingle. Roll it. Action!)Ok, continued

What's next upon the menu?  
Hmm, maybe I should crack a joke  
Attack and ask her if she smokes  
Cause I can't seem to find my matches  
And that could break the ice but  
I'm a bad actress with three lighters I acquired the previous night  
And there I was do or die  
She was approximately five feet away from my frame  
So I decided to take a stride, swallow my pride, tellin' her my name like  
Hello miss, my name is Travis  
Just a ordinary cat, I'm into art and fuzzy rabbits, kinda smart with a big heart, you can have it  
See you find that funny  
I'd love to buy you a drink but I got bent and spent my money  
But would you kindly accept a raincheck  
Perhaps some deep chit chat  
She didn't think twice, nodded her head and said "I'm with that"  
By the way do you have some matches?  
She's like, "no, but there's a lighter right in front of you"  
And now we both giggling  
This girl's so crazy, got my gullet jiggling  
Fiddling with my feelings like an out of tune piano  
Like I'm on ritalin  
The way she's got my undivided attention dismissin' any thoughts of lettin' this one get away
