Supernatural

Jonathan and Lisa

This time, I will rise, do or die,
This time, I?ll re-ignite, stand and fight
This time, I will love people cause
It?s a must from above, this time

I was broke, off the road up in smoke, all alone
Saw my pain know my name, made a way
I made a turn, hit the curb, I should a died
Someone came, came for me, I can see, now I?m free!!

Standing on a hope
Had know where to go
It?s supernatural how you saved me

Lost without a prayer
When no one seemed to care
It?s supernatural how you saved me

The supernatural, it?s supernatural

This time I?ll be light I will shine,
This time I?ll re-unite stop the lies
This time I will fall in your arms
Sing the psalms of 91 this time (this time)

I thought it was over,
I thought I was done
Stuck in a shadow of what I?ve become

I wouldn?t listen I couldn?t breathe
Lost my vision -now I can see - you came for me

Standing on a hope
Had know where to go
It?s supernatural how you saved me

Lost without a prayer
When no one seemed to care

It?s supernatural how you saved me

You showed me the light
When I was blind
Your supernatural

I thought it was over
I thought I was done

I thought it was over
I thought I was
I thought it was over
I thought I was

I thought it was over
I thought I was done

You came for me

Standing on a hope
Had know where to go
It?s supernatural how you saved me

Lost without a prayer
When no one seemed to care
It?s supernatural how you saved me

The supernatural, it?s supernatural
