## Stephen "Di Genius" McGregor

Con Fuerza Boriqua  
Strugglin goin through the motions  
    Day in day out  
    Another commotion  
Backstabbed don't know how to stop  
    A friend is only a dollar in a pocket  
    Won't let you  
Chase the dream that I had since I was  
    Just a little chico in my teens  
Now you're gone and I'm doin fine  
    And you are since you went to  
    Can you see the tears?  
    Can you see the pain?  
Do you see the hate that I have today?  
    Can you see the tears?  
    Can you see the pain?  
Do you see the hate that I have?  
    From demention  
    To depression  
This is the anger we generate  
    From demention  
    To depression  
    This is my anger  
    It's time for me  
    To live the dream  
    And to release my anger  
    It's time for me  
    To live the dream  
    And to release my anger  
Strugglin goin through the motions  
    Day in day out  
    Another commotion  
Backstabbed don't know how to stop  
    A friend is only a dollar in a pocket  
    Won't let you  
Chase the dream that I had since I was  
    Just a little chico in my teens  
Now you're gone and I'm doin fine  
    And you are since you went to

Can you see the tears?  
Can you see the pain?  
Do you see the hate that I have today?

Can you see the tears?  
Can you see the pain?  
Do you see the hate that I have?

From dementia  
To depression  
This is the anger we generate

From dementia  
To depression  
This is my anger

It's time for me  
To live the dream  
And to release my anger

It's time for me  
To live the dream  
And to release my anger

And whether you or me or him  
Ever really thought that I would make it

Never really took another second  
To reply to all the letters  
Sent all the people asking me

To be president  
And whether you or me or him  
Ever really thought that I would make it

Never really took another second  
To reply to all the letters  
Sent all the people asking me

To be president 180 Degree turn  
You never learned your lesson

Your mistakes that  
Cause and effect the brainiack  
Acting like you're a punk 180 Degree turn

You never learned your lesson  
Your mistakes that  
Cause and effect the brainiack

Acting like you're a pun  
Stabbed your back  
It's time for me  
To live the dream  
And to release my anger  
It's time for me  
To live the dream

And to release my anger
