Nerve Gas

Kill Hannah

Standing here
in the ballroom as
the dancers twirling everything
to the marching drums
Lying here
in your yard alone as all the
old war pilots have done
It's how that little bird heart got so cracked up
I can't sleep deep tonight
Oh no, I can't for sure
I can't sleep deep tonight
Yeah, better eject
Oh as we are, nerve gas over us
just leave that nerve gas on

Landing here in your yard alone
as all all the paratroopers dropped
It's how that little bird just got so cracked up
I can't sleep deep tonight
Oh no, I can't for sure
I can't sleep deep tonight
Oh as we are, nerve gas over us
Yeah, leave that nerve gas on
So I can't sleep deep tonight
I can't sleep deep tonight
