

# Revelation Party (ft. Jo Mersa Marley)

Stephen Marley

oh yeah, eh ya. oh yeah  
struggles ahead  
I'm living my life but the struggles ahead  
see I can't look back now but I cannot forget  
no longer shall we live our lives in fear  
we got to keep pushing on, moving full steam ahead  
fly Natty Dread  
cause tonight, we gon have a celebration of our lives  
party from night till the morning light  
we're going to have a good time everything's alright  
it's just alright  
it's a good vibration party tonight  
but tonight, we gon have a celebration of our lives  
party from night to the morning light  
we're going to have a good time everything's alright  
it's just alright  
it's a revelation party  
their hearts are cold as the winter snow so what is were waiting for  
Jah sent bless all the meek and the poor  
so how did we get to this point in time?  
where love is lost, now we live with no reason or rhyme, so we let the blind lead the blind  
but tonight, we gon have a celebration of our lives, party from night till the morning light, We're going to have  
a good time everything's alright, it's just alright, it's a good vibration party tonight  
but tonight, we gon have a celebration of our lives  
party from night till the morning light  
we're going to have a good time everything's alright  
it's just alright  
it's a revelation party  
hey, hey ay hey ay ay ay ay ay ay  
hey ay ay ay ay hey ay ay ay ay  
not lost we found our way  
not losing, can't lose faith  
Vanity nah make me life better  
nah say loud fi no mouth an no cheddar  
love with more love, that's what we prefer  
good love mean the night lasts forever  
everyone inna life feel pressure  
so celebrate Jah night  
we gon have a celebration of our lives, party from night till the morning light, We're going to have a good time

everything's alright, it's just alright, it's a good vibration party tonight  
but tonight, we gon have a celebration of our lives  
party from night till the morning light  
we're going to have a good time everything's alright  
it's just alright  
it's a revelution party  
hey, hey ay hey ay ay ay ay ay ay  
hey ay ay ay ay hey ay ay ay ay  
I'm living my life but the struggles ahead  
see I can't look back now but I cannot forget
